ST. FRANCIS COMMON COUNCIL VOTES 6-0 IN FAVOR OF STRITCH'S REZONING REQUEST FOR COUSINS CENTER

The St. Francis High School gymnasium was standing room only Monday night when the common council held its public hearing on Stritch's rezoning request.

An estimated 350 people jammed the gym at the high school to listen to Stritch's presentation to build a new campus on the Cousins Center grounds and adjacent WE Energies land, and offered their opinions on the proposal. After listening to 60 people, the council voted minutes later, approving Stritch's request for rezoning by a unanimous vote of 6 to 0.

"This was a positive first step in our journey back home to St. Francis," said President Dr. Helen C. Sobehart. "That is where we began, as St. Clare College, in 1937, and where we hope to develop a vibrant, 21st century university campus serving St. Francis and the South Shore communities of Milwaukee County."

Next, Stritch will look for a project coordinator and begin the actual planning of the buildings and grounds of the new campus. St. Francis Mayor Al Richards reminded the crowd that many more hearings, negotiations and discussions will be held over the next few years to make the vision of the campus become reality.

Stritch will also reach out to residents and friends of the Seminary Woods and environments on and around the sites for their ideas and input in the plans. At a meeting with these groups in December, a tentative date for the third week in February was chosen to begin those discussions.
